Following Athlete

1. The undersigned Athlete renounces any form of doping.

Among other things, the presence of a prohibited substance in the athlete's sample is considered doping. Furthermore, the use or the attempt to use a prohibited substance or a prohibited method according to the doping list of Antidoping Switzerland is considered as doping.<sup>1</sup>

A conclusive list of anti-doping rule violations can be found in the Swiss Olympic Doping Statute.<sup>2</sup>

2. The doping list will be adjusted annually. The Athlete undertakes to inform him/herself regularly about the doping list.<sup>3</sup> He/she is aware that not knowing the current doping list does not exclude the sanctioning of anti-doping rule violations.
3. The Athlete agrees to doping controls by the responsible anti-doping organizations, namely by Antidoping Switzerland, during competitions and out-of-competition. The implementation of these tests is governed by the implementing provisions of the Doping Statute.<sup>4</sup>

The Athlete who resists, evades, frustrates the purpose of, or attempts to undergo a doping control commits an anti-doping rule violation and shall be sanctioned as if he/she had tested positive.

4. The Athlete who is a member of a Testing Pool agrees that specific rules of the Doping Statute and its implementing regulations regarding the obligation to report, therapeutic use exemptions and withdrawal apply to him/her.

In particular, the athlete is aware that he/she is fully responsible for ensuring that all data relating to the obligation to report is received by Antidoping Switzerland in a complete, truthful and timely manner. In the event of a repeat violation of the reporting obligation, this may be considered an anti-doping rule violation and sanctioned accordingly.

He/she declares that he/she is aware of these.<sup>5</sup>

The following sanctions in particular, which are cumulative, may be imposed on the athlete:

- Suspension with a time limit or (in case of recurrence) for life
- Fine
- Withdrawal of awards
- Warning
- Publication of the decision of the Disciplinary Chamber for Doping Cases of Swiss Olympic

If more than two members of a team have committed an anti-doping rule violation, the Swiss American Football Association may impose additional sanctions on the team (e.g. forfeit defeat, point deduction).

6. The athlete acknowledges the exclusive competence of the Disciplinary Tribunal for Doping Cases of Swiss Olympic to adjudicate anti-doping rule violations in the first instance and expressly submits to its adjudication competence.
7. The decisions of the Disciplinary Tribunal for Doping Cases may be appealed to the Tribunal Arbitral du Sport (CAS). The decision of the Tribunal Arbitral du Sport (CAS) is final. The athlete submits to the exclusive jurisdiction of the TAG as an appeal authority in the sense of an independent arbitration court, to the exclusion of the state courts. The provisions of the Code de l'arbitrage en matière du sport<sup>z</sup> are applicable before the CAS.<sup>6</sup>

Unless otherwise agreed, the proceedings before the CAS shall be conducted in German, French or Italian. If the parties cannot agree on a language, the CAS shall determine the language of the proceedings. The arbitrators designated by the parties must be on the appropriate list of the CAS and must not have been involved in any way in the first instance proceedings.
